

# This terms theme is...

## Cloud Busting

### Our Creative Curriculum

As writers, we will be using our class text 'Cloud Busting' by Malorie Blackman to write poetry and revisit speech for narrative.

As mathematicians, we will learn how to calculate perimeter, before expanding our existing knowledge of multiplication and division.

As geographers, we will investigate maps and compass directions, as well as weather and climate.

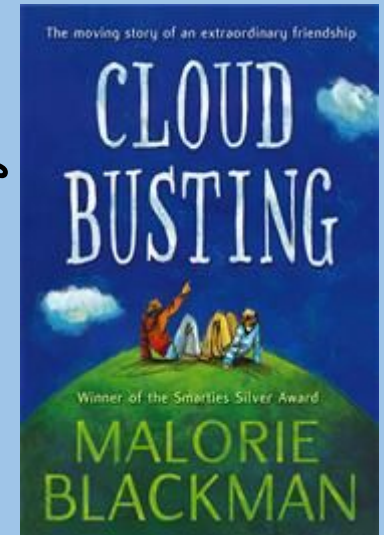

As artists, we will develop our drawing skills by concentrating on tone and shade when sketching clouds.

As Scientists, we will be taking part in exciting experiments to learn about electricity.

In RE we will consider right and wrong from the perspective of the Islamic faith.

*We will be reading...*

### Global Citizens

As citizens of the world we will be developing our social and emotional skills to help us understand our role in the wider community. This includes the digital community and the impacts of our **digital footprint**.

Our Jigsaw theme for this term will be Celebrating Difference.

In Computing we will be learning how to stay safe online.

### Lo+C and WOW days

As part of our Outdoor Learning we will conduct a local area visit and a cloud-themed Wow Day to create artwork inspired by the sky above us.

We will also continue to have outdoor PE lessons to keep our minds and bodies active.
