

This term's theme is...

Space

Our Creative Curriculum

As **writers** we will use the class text 'Look up' to write our own stories. We will create our own character descriptions and learn about significant people who have travelled into space.

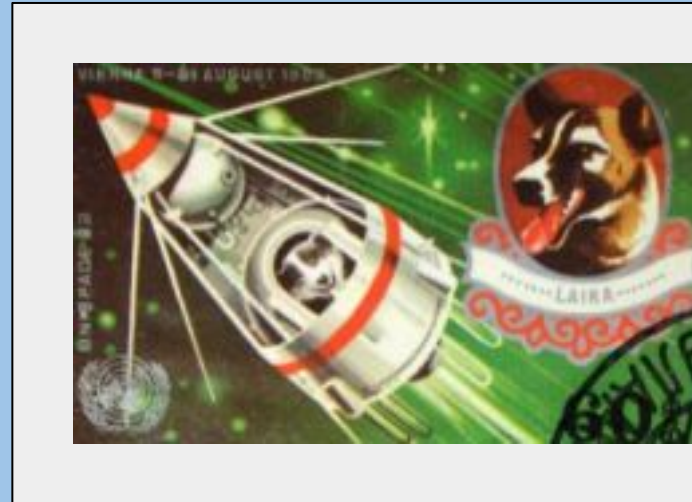

As **mathematicians** we focus on place value and addition and subtraction.

As **scientists** we will learn about *materials*. We will identify and compare the uses of a variety of everyday materials and investigate how the shapes of solid objects can be changed.

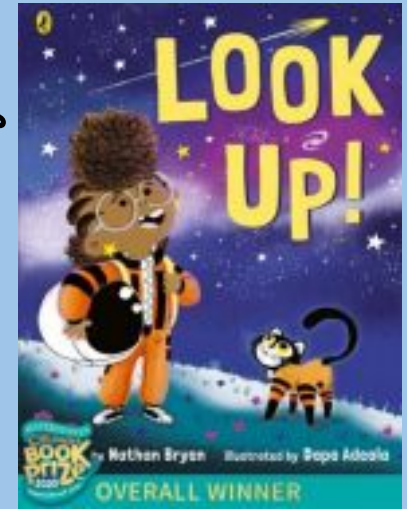

As **historians** we will discuss significant events and people associated with space exploration.

As **geographers** we will learn to understand the world map and identify places as well as create keys for our maps.

As **designers** we will design, build, test and evaluate moon buggies.

We will be reading...

Global Citizens

Our **Jigsaw** theme for this term will be *Being In My World*. We will be learning to work cooperatively to create a class Learning Charter and understanding our rights and responsibilities in relation to this.

In **computing** we will be learning how to stay safe online by using a login and password in the correct way.

Lo+C and WOW days

As part of our **Outdoor Learning** we will be visiting our local park, *Crystal Palace Park*. We will learn how to stay safe when leaving the school site.

We will have a themed space day that will incorporate a range of activities that link with the theme.
